

**1st International Faculty Development
and Higher Educational Pedagogy
Conference 2023**

University of Crete,
Rethymnon Campus
Centre of Teaching and Learning
Website <https://tott.uoc.gr/>

5th December, 2022

Dear Professor

The 1st International Conference on "**Developing academics' pedagogical acuity**" will be held in University of Crete, in Rethymnon, Greece, on September 15-17 2023 hosted by the Teaching and Learning Centre '*Training of the Trainers*' (TotT). We kindly invite you to participate in our 1st International conference and submit an abstract for a presentation (and/or conference proceedings).

The CLT CRETE International conference focuses on trends and high impact factors regarding the "Development of Faculty pedagogical Acuity" within a range of pedagogy-related themes given the profound changes in this post-COVID online and face-to-face era. Expertise will be shared not only in terms of new modes of learning but also new modes of faculty development and training so that faculty members can successfully design inclusive and student-centred lessons in large amphitheaters.

At the CLT CRETE International conference, we hope to exchange good practices on issues that we all deeply care about, that of Higher Educational Pedagogy. Topics are wide ranging including student-centred teaching and learning, inclusive teaching, student agentic engagement, motivation, digital pedagogies in HE, assessment-for-learning, to name but a few.

You can find information about the themes here <https://alliancectl.wordpress.com/>

Kindly note our [Centre for Teaching and Learning at University of Crete](#) has also secured funding in order to create a website on which Teaching and learning centres, Innovation centres and Centres of teaching excellence will be identified on a map and viewers will be redirected to their websites. This

initiative aims at creating an international alliance among CTLs around the globe and a breeding ground for more joint projects on Higher Education Pedagogy Interventions and resources. In this alliance, we are also seeking National Ambassadors of CTLs whose responsibility is to identify, record and notify national CTLs of our plan for an international alliance and allow them to forward the contact details so that they can be added in the main website which will serve as a global reference point

If you have any questions, please do not hesitate to contact us.

We are really looking forward to hearing from you.

Kind regards,

Ms. Ifigenia Xaidara

Teaching and Learning Centre Secretary,

Centre of Teaching and Learning
